

Clinical Admin Workflow SOP Bundle

Admin handoff templates, meeting and task-routing SOPs, and quality-control checklists for dental teams — by Dr. Pascal Nguyen, DMD, NMD / PJN Dental

These templates are educational and business workflow resources. They are not legal, financial, medical, clinical, regulatory, or HIPAA compliance advice. Adapt all templates to your jurisdiction, practice policies, compliance requirements, and professional standards.

1. Admin Handoff Templates

Handoff failures are one of the most common sources of dropped tasks in dental practices. Use these templates to create clean handoffs at shift changes, during provider transitions, and across team roles.

Handoff Template A — Daily End-of-Day Admin Handoff

PURPOSE

Ensure the closing team member passes all open administrative items to the next shift or next-day opener with zero gaps.

FIELDS

Field	Entry
Date	
Closing team member	
Opening team member (next day)	
Outstanding insurance or billing items	
Calls not returned today	
Appointments needing confirmation tomorrow	
Supply or vendor follow-ups open	
Any patient access or record requests pending	
Open front-desk tasks requiring action	
Doctor / provider requests outstanding	
Notes for opener	

DELIVERY

This form is completed before end of day and left in the opener's physical inbox or sent via internal secure message. Do not include patient PHI in any unsecured channel.

Handoff Template B — Provider Transition Handoff

PURPOSE

Used when a provider leaves for the day mid-schedule or transfers a patient's administrative workflow to another team member.

FIELDS

Field	Entry
Date / Time	
Handing off from	
Handing off to	
Outstanding administrative items	
Referral or lab follow-ups open	
Scheduling tasks remaining	
Patient communications outstanding (no PHI in this form)	
Special notes	

Handoff Template C — Role Transition Handoff (New Hire / Coverage)

PURPOSE

Used when a team member covers another role temporarily or a new hire takes over a function.

1. List every recurring task in the role (daily, weekly, monthly).
2. Assign a 'buddy' who can answer questions for the first week.
3. Walk through the task list once before the transition.
4. Schedule a 3-day check-in to address gaps.
5. Complete the handoff template and file it in the role's documentation folder.

2. Meeting and Task-Routing SOPs

SOP 2A — Weekly Team Huddle

CADENCE

Weekly, Monday morning. Duration: 15 minutes maximum.

AGENDA FORMAT

Time	Agenda Item	Owner
0:00–2:00	Open loop review: what was left open from last week?	Meeting lead
2:00–7:00	This week's priorities: top 3 admin or operational items.	Each department
7:00–12:00	Task assignments: who owns what this week?	Meeting lead
12:00–14:00	Blockers: what is stopping anyone from completing their tasks?	All
14:00–15:00	Close: confirm next meeting time.	Meeting lead

OUTPUT

One page of action items with owners and due dates, filed in the team's shared folder. Use the Meeting Notes to Action Register template below.

SOP 2B — Meeting Notes to Action Register

After every team meeting, convert raw notes into this action register format within 24 hours.

Action Item	Owner	Due Date	Dependency	Status
[Describe the specific task]	[Name]	[Date]	[What must happen first, or Open Done]	

STATUS DEFINITIONS

- Open — not started or in progress.
- Blocked — waiting on another action or person.
- Done — completed and documented.
- Parked — deferred intentionally with a review date.

SOP 2C — Task Routing Protocol

PURPOSE

Every incoming task must be routed to a single owner within 24 hours. Tasks without an owner disappear.

ROUTING RULES

Task Type	Default Owner	Escalate To If Unresolved
Scheduling, recalls, confirmations	Front desk lead	Office manager
Insurance, billing, claims	Billing coordinator	Office manager
Lab, supply, vendor orders	Assigned admin	Office manager
Referral coordination	Patient coordinator	Provider or office manager
Team communication issues	Office manager	Practice lead / doctor
Technology or software issues	Designated tech owner	Office manager or vendor
Unrouted / unclear tasks	Office manager	Practice lead

ESCALATION RULE

Any task not resolved or routed within 48 hours is escalated to the office manager. Tasks not resolved within 5 business days go to the practice lead.

3. Quality-Control Checklists

QC Checklist A — Weekly Admin Quality Check

Complete every Friday before close. The office manager or designated lead signs off.

Item	Check	Notes
All open action items from Monday huddle closed or updated.	Yes / No	
No unanswered patient calls older than 24 hours.	Yes / No	
All appointment confirmations for next week sent.	Yes / No	
Insurance and billing follow-ups addressed this week.	Yes / No	
Supply and vendor orders placed or confirmed.	Yes / No	
Referral follow-ups completed or flagged.	Yes / No	
End-of-day handoff forms completed.	Yes / No	
Team member issues or conflicts flagged to manager.	Yes / No	
Next week's priority list drafted.	Yes / No	

SIGN-OFF

Reviewer	Date	Notes

QC Checklist B — Monthly Operations Review

Complete in the last week of each month. Office manager and practice lead review together.

1. Review open action items from all weekly huddles this month. Anything older than 30 days must be resolved or formally parked.
2. Review any task that escalated to practice lead — identify root cause and update the routing protocol if needed.
3. Review team feedback log — any recurring friction or requests?
4. Confirm all SOPs in active use are current (check dates, flag any outdated).
5. Confirm supply and vendor contracts are current.
6. Identify one workflow to improve next month.
7. Draft next month's meeting rhythm and set recurring agenda items.

QC Checklist C — New SOP or Template Adoption

Use this checklist any time a new SOP or template is introduced to the team.

Step	Owner	Done?
------	-------	-------

SOP/template drafted and reviewed by practice lead.	Practice lead	
All affected team members notified.	Office manager	
Training or walkthrough session completed.	Office manager	
SOP filed in the shared documentation folder.	Designated admin	
Old version archived (not deleted).	Designated admin	
30-day check-in scheduled to review adoption.	Office manager
